

Hi everyone,

As shared earlier this week, **there will be a Bouldin Creek Neighborhood virtual open forum this coming Tuesday, April 21st at 6:45pm.** The forum is simply a way for neighbors to connect collectively and share our thoughts on how we're doing and what more we can do to help each other during this uniquely challenging time for all.

Details on how to join the conversation are below. And I want to stress that you DON'T need to have access to Zoom or even a computer to join the conversation.

The join by phone information here is exactly that -- to join just by calling in. Please be sure to share information about the meeting with our neighbors who are not on this forum or Nextdoor (where I'll also be sharing this information) .

Let me know directly if you have any questions, have a good weekend and please stay safe.

Mimi

This meeting will be hosted using Zoom, an online videoconferencing system, which you can join by selecting one of the following links:

- [Join via the Zoom app](#)
- [Join via your phone \(no video\)](#)

If new to Zoom and wish to join the meeting using, you may wish to join early to allow a little extra time to handle any technical issues which might occur. We will open the meeting room at 6:30 PM and will be providing guidance to those with technical issues until our meeting start time at 6:45 PM. In the meantime, you may wish to review a few guidelines for the meeting:

- All participants will be initially muted when joining. Please remain muted unless you are given the floor by one of the hosts **and** you are actively speaking. If you have a question during the meeting, please ask one of the hosts via Zoom's "Chat" button.
- **Please only join with one device per household.** If more than one device in close proximity joins a Zoom meeting and has an active microphone, loud feedback can result.
- If you will be joining with video, consider putting your main light source in front of you, as this will greatly improve your video quality.

If you do not wish to use the links above to join the meeting, you can also join manually with the following details:

Meeting ID: 836 109 529

Passcode: 003780

Dial-in: +1 346 248 7799
